

## HEIDI BAKERS PROPHECY

This prophecy I came across again on the night of January 1<sup>st</sup> 2019 as I was sorting files.

I love the verbatim transcript. It moved me greatly, and confirmed for me, the 'Trees in Season' and the 'Stars in the Sky' for my lowly introduction of 'The Season of the outpouring of the Holy Spirit on ALL'.

We truly are in this Season now. I know there is so much more in the prophecy than I can grasp.

----- \*\*\*\*\* -----

*The prophetic words below were delivered at [Catch The Fire London](#) on 16 November 2014 by the internationally respected co-founder of Iris Ministries, Heidi Baker.*

"I just feel like this revival that God has promised in this nation – it's *another* wave of revival He's promised; I feel like it's going to *come* as we go.

It's going to *come* as we go. It's going to *come as we go*, says the Lord. This revival of radical love is going to *come as we go*. It's *each one of us* just taking a hold of the *love* of God, taking *a hold* of the heart of God, *taking a hold of the mercy* of God, *fixing* our eyes on Jesus the author and the finisher, and as *we go*, one by one by one by one there's going to be a *lighting up* in the hearts of men and women in this city, in this nation.

"This *move* of God is *different* than you've ever *seen* before, says the Lord. It's different than you've *ever seen before*, says the Lord, because no one's going to point to one mighty evangelist. No-one's going to point to one mighty preacher, no-one's going to point to one mighty event, but there's going to be this, this *immersion*, this *immersion* of the Father's love, this *immersion* of Holy Spirit, this *immersion*, this *infilling of God* within the *hearts* of individuals, and with the hearts of bodies, the body of Christ.

"There's going to be a movement of unity in the UK that's going to *shake the world*, says the Lord. **I hear the prophetic word of the Lord.** It's going to flow through the universities and the colleges of the universities. It's going to flow through denomination and the non-denominations. There's *going to be a move of unity* within the Body of Christ.

"You're going to fill Wembley Stadium. You're going to *fill stadiums*, stadiums, with worshippers of the living God. And there's going to be this *holy affection* where people come before the Lord. They're not going to even know who's speaking in the stadium, they're not going to even know the name of the preachers, because they're coming *fixing their eyes* on Jesus. **It's going to shake the nation**, says the Lord.

"There's going to be a *unity* even between Scotland and Ireland and the UK, that's going to SHAKE, SHAKE, SHAKE, SHAKE. There's going to be a **shaking** that's going to bring a unity, says the Lord.

There's going to be something that the people of other faiths are going to see in this nation, as believers come together in radical love.

"There's going to be; *you* are going to be a *part* of the history, *a part of the history* in this nation, says the Lord. **There's going to be another historical move of God** – I see, I see a *shaking*, a *shaking of radical love*.

"I see people in the Body of Christ, and you're going out, and I've seen a vision of it, you're going out, and I know you're sons and daughters but you're going out like ants, you're going out like ants, like ants, like little ants, like little ants and you're digging digging digging digging digging like little ants – like little ants, you're digging.

"And there's *something* specific happening as you start just lining up in this unity. There's going to be a unity *beyond anything* the UK's ever seen. It's like there's something, I feel like you're going to become like these *radical lovers* of God that's going to cross all denominations, all the barriers."

"I feel like church history is going to be *made in this place again*, and *you're* going to be a part of the history because, instead of burning people at the stake, there's going to be *radical love* manifested through the Body of Christ.

"And it's like there's something that's going to be happening in the body of Christ in UK – and I hear the Lord, I hear the Lord *so clearly* – *it's this radical movement of unity* where there's going to be *so much* of Holy Spirit's presence in the *individual* believers that they're literally going to cross different streams and they're going to move together in this HUGE river of *radical love* that's going to flow over the banks of the UK, it's going to flow over the banks – it's going to be like this hotbed – and out of the UK there's going to come this MIGHTY move of the Spirit that's going to touch even unto the continent, says the Lord, and there's going to be a *re-awakening*, a *re-awakening* of love, a *re-awakening* of unity, a *re-awakening* of His Spirit – and it's like the other faith, the other faiths, the other religions, *they're going to take notice* when the Christians come together in radical love – a cross-stream, they won't care what they're called, they won't care...

"It's interesting what I hear: there's going to be *diversity* in the unity, there's going to be diversity in the unity, *uniqueness in the unity*, where people are going to come together *uniquely different* and *yet flowing together* in unity. It's not like you're going to come together with a fake unity where all your doctrines are the same, where all your beliefs are the same, but you're going to come together for **the prize**, *you're going to come together for the prize!*

"He says, **"I will give you souls, I will give you souls, I will give you souls, souls, souls, souls"**. *There's going to be another Great Awakening coming out of this place!*

"I see a great awakening touching the universities. There's going to be *a fire of God's glory love* on the universities.

There's going to be move between denominations that will **blow your mind**, says the Lord.

"This is from God's heart and it's, it's a passion on Daddy's heart that...it's hard to understand but there's been this longing on the heart of Daddy God, this *longing* on the heart of the Father for **this move** that He *longs for*, that He's *destined* this place for, that He's *destined UK* for – He's destined it in His Spirit – and I see it...Oh yes Lord."
